"Education is the passport to the future, for tomorrow belongs to those who prepare for it today".

Congratulations to our 2024 cohort, who have demonstrated remarkable resilience in the face of unprecedented challenges during their secondary education. Despite a year where the number of passing grades has fallen nationally, our students have persevered to successfully complete their GCSE examinations. We remain committed to upholding the high expectations shared by both students and staff, and we are incredibly proud of their achievements.

Our EBacc average points score this year was an impressive 5.048, a significant achievement when compared to last year's national average of 4.05. This outstanding result reflects the hard work and dedication of our students and staff. We extend our best wishes to the class of 2024 as they embark on the next exciting chapter of their lives. Congratulations on all your achievements!

*2023 National averages used for Japanese and Statistics, as 2024 figures were still awaiting publication.
